## **Semper Capital Management Announces Partnership With the Marine Corps Scholarship Foundation**

*Firm honors nation's heroes with establishment of Semper Capital Management Scholarship*

**NEW YORK**, July 12, 2018 – Semper Capital Management, a minority and veteran-owned, independent New York City-based fixed income investment manager, today announced a partnership with the Marine Corps Scholarship Foundation whose mission is to honor Marines by enabling their children to pursue a college education.

The Semper Capital Management Scholarship program will award scholarships to 10 at-need children of Marines and Navy Corpsmen over the year. Each student receiving a scholarship will also be paired with a Semper employee to build a connection and reinforce the relationship between the two organizations.

“The sacrifices made by families of military service members cannot be understated, and by supporting the children of this nation’s heroes, not only are we empowering the next generation, but we are also strengthening the country,” said Greg Parsons, Chief Executive Officer of Semper Capital. “We are honored to be able to offer the Semper Capital Management Scholarship and look forward to expanding our relationship with the Scholarship Foundation over the coming years.”

Initiatives focused on veterans and active service members have been at the core of Semper’s philanthropic mission for years. These endeavors range from helping veterans transition back to civilian life to medical rehabilitation opportunities for our nation’s heroes. The partnership acknowledges the sacrifices that their children make and the importance of empowering them with an education.
